MEMORANDUM FOR: Security Officer, DPS/DCI

SUBJECT : CORONA Clearances

This memorandum will confirm our conversation of this date. The Director has requested that General James Doolittle and Mr. William A. M. Burden (National Aeronautics and Space Council) be briefed on Project CORONA. The briefing will be held 19 November and Dr. Glennan may attend although he had been briefed at an earlier date.

I understand there is no objection on a security basis to the above being CORONA cleared.
